

Children's ETIQUETTE MASTERCLASS

Table Manners & Social Graces

Manners on the Outside; Confidence on the Inside

The foundation of etiquette taught in childhood is priceless and considered a lifelong investment. In our whole scope of enrichment, etiquette skills are the one thing, that we can offer our kids that isn't all that common and yet integral to their social success.

the gift of etiquette

Providing the opportunity for all children to learn the social skills necessary for securing a successful future!

How children present themselves to the world - with confidence and positive mannerisms, is an invaluable asset. The earlier you start teaching manners and etiquette, the more ingrained it becomes in a child's life!

Our workshop is not just another class for kids. It's a program designed to change the way your child thinks and understands the importance of manners.

**proud to be Canada's first etiquette Masterclass
for children - making manners fun!**

Thank you for the wonderful etiquette workshop for Sofia. She really enjoyed it, came home super excited and called it 'awesome'. We had people over for dinner, that same night, and she insisted on setting the table (shocked!). We all had our elbows on the table and she corrected us. My guests and ourselves included, were very impressed!

A photograph of two children shaking hands. The child on the left is wearing a yellow shirt and a red and black plaid shirt tied around their waist. The child on the right is wearing a red long-sleeved shirt and blue jeans. They are both smiling and looking at each other.
